MAY ITINERARY.

Wednes.	11th. May	Advanced night Navigation Run.
Wednes.	18th. May.	Night Run.
Wednes.	25th. May.	Committee Meeting.
Wednes.	1st. June.	Night Run
Wednes.	8th. "	Indoor Sports Evening.
Wednes.	15th. "	Night Run.
Sunday.	19th. "	Barbeque Club Run.

- - - oOo - -

Advanced Night Navigational Run.                      Wednes. 11th May.

This event is being organised by Stan Alexander and is the first of its kind this year. For the benefit of those who haven't competed in a run of this type, a speedo reading tenths is necessary, or better still a trip speedo, as well as the usual night run equipment. Stan has not realised many details but there will be two or three controls to add a rally touch to the run, the starting time will be 8 p.m. at the club rooms.

- - - oOo - -

Night Run.    Wednes. 18th. May.

This evening should be most interesting being the first time an event has been organised by Vern Gillispie. Vern is one of our newer members and for that reason we expect some new and novel ideas on this night run. No details of the event have been realised but it will probably be on the north side of Brisbane, as Vern is more familiar with the Northern suburbs. The starting time is 8 p.m. at the club rooms and the usual pencil & Torch etc. is all that should be required.

Committee Meeting.

25th. 1

On this evening even though a meeting is being held club's sporting equipment is available to any member who like to come along for the evening. This would be a good for members to get in a little practice for the 8th of Mo which is a indoor -sports evening.

- - - o'c - - -

Sealed Speedo Night Run.

Wednes. 1

The event on this evening is being organised by Jac and is an unusual type of run wherein the speedo is sealed you have to estimate the distance you have travelled, there will be changes of speed at given points which will be found. There could be a few controls just to make it more interesting. The first Car will leave the club rooms at

- - - oOo - - -

Indoor Sports Evening.

Wednes.

The event on this evening is being organised by Dilto Armstrong and will be a contest of skill using the different sporting equipment at the club rooms which is Table Tennis, Wall Quoits, Floor Quoits, Indoor Bowls and probably some other games thought up by Milton.

- - - oOo - - -

Two women friends of long standing, boarded a plane. Just take off, one of them was struck with a horrid thought. Hastily making her way into the pilots compartment, she the Pilot firmly on the shoulder. "See here, young man" she commanded "Don't you dare travel faster than the speed of sound, Emma and I have a lot to talk over on this trip.

PAST EVENTS.

SUNDAY RUN

3rd. April.

This event organised by Ross Gillispie & Stewart Hornibrook took competitors to the Gillispie property near Donnybrook where a fishing competition was held. The navigational run was won by Les Barron with Mick Rogers finishing second. The fishing contest was keenly contested with the adult section being won by Don Stewart. The childrens section of the competition was won by Trevor Luckhurst.

- - c0c - -

NIGHT RUN.

13th APRIL.

This run was organised by Mick Fleming & as promised contained a new method of navigation. The main route simply consisted of following the green and white arrows which the council has recently put up in the city and suburbs. The winner of the event was Bert Davis who completed the course without on a single navigational mistake.

- - c0c - -

FALLERBUDGERA WEEKEND.

23rd. To 25th April.

This weekend was fully enjoyed by all who attended however quite a number of members who put their name on the attendance list did not attend. Those who did not attend after putting their names on the list did not even bother to ring the secretary Ray Luckhurst and inform him.

It was pleasing to Geoff Cunningham at the camp and he stated that he thoroughly enjoyed himself, even though he had a lot of work getting his family all the way from Grafton.

On Saturday night the younger members ventured forth to the bright light, while the older members settled into some card games.

On Sunday night there was a night run organised by Eric Rankin & Stewart Hornibrook, and the winner was Don George navigated by Kaye Richardson. One member was not content to find out the name of a hotel on route, but had to bring the owners daughter to the camp.

After the night run a card game developed into the early hours of the morning (3.a.m. in fact) See over.

Tallerbudgera Cont.

between Ray (one arm Bandit) Luckhurst, Bilko (Big Punter) Armstr  
Geof (not) CUNNING ham, Stew(Cooked) Hornibrook, and Bert (Bank B  
Davis. During the beautiful sunny days of the weekend members sle  
play Tennis surfed etc. and all present stated they would be  
back at our next camp. Thanks to everybody (who attended) and  
wehope to have another camp next year.

Night Run.

27th. April

Marie & Graham Reed organised the event on this evening and too  
competitors through many of the northern suburbs and back to the  
club rooms. most competitors seemed to have a lot of trouble find  
the fourth Telephone box on left.

The winner of the event was our vice president Norm Richards.

I.W.A.C. Easter Parade.

10th. Ap

B.S.C.C. members continue to very successful in trials  
conducted so far this year. This event was a real test of navigat  
and was won by Cliff Crossley navigated by Mick Flemming. (Holden)  
with Don Stewart navigated by Stewart Hornibrook (Standard 10.) sec

- - oOo - -

"I wondered for years where my husband<sup>4</sup> spent all his evenings,"  
a wife admitted. "Then one night I came home early from bridge -  
and there he was.

A large number of our members competed in this event which Ray Chayter was one of the organisers. First to strike trouble was Norm Rickards who broke a main leaf spring not far from Ipswich. Stewart Hornibrook was troubled through the trial with boiling trouble (not Boils,) however the rest of our members had a trouble free run. Many competitors found this trial very different from trials Ray Chayter has previously organised, but all enjoyed the event thoroughly. It was a pity that Fred Murray did not compete as it would be interesting to see how many points he would have lost in a trial which he would probably rate as first class. Maurie Blinks Driving a Holden & navigated by John Hyde put up one of the best efforts in years by winning with no points lost, second place went to Fred Holzberger (Desoto 7 points lost) navigated by Graham Burrow, while third place went to Tony Anthony (Holden 8 points lost) Navigated by Cliff Crossley. Among our members who will probably receive trophies are Gordon Kappelfirst V.W. and Stewart Hornibrook first standard and first car under 1000 C.C.

### NOTES ON THE ROYAL AND ANCIENT GAME OF

#### GOLF

- Golf Ball - A small white object specially treated with secret chemicals to give it a magnetic affinity with long grass and deep water.
- Brees. - Highly mobile growths that move quickly on to the fairway just as I hit the ball.
- Swing. (Hers) - A graceful fl wing rhythmic motion only attained after years of hard practice and clean living.
- Swing. (His) - A jerky erratic movement that makes me wonder where he was the night before.
- Par - Hole (His) - A colossal drive, a terrific approach shot and a deadly putt.
- Par - Hole. (Hers) - An act of God.
- Out of Bounds. Hers - An unlucky Bounce.

Golf Cont.

Out of Bounds - The result of lifting his head, standing to from the ball, dropping the shoulder and not following through

(His Drive)

Trap

- An American name for a bunker or sand hazard. There is a different variety of trap at the hole which is something to be grateful for

GUEST COLUMN.

The arrival in Queensland of Television will upset the routine even further. One wonders at the present time whether the budget can be stretched to stand the purchase of a T.V. Set. Many people here have told me that they wouldn't have Television. This brings me to the conclusion that these people can be divided into two categories - those yet to see T.V. and those who can't see it. Children in particular enjoy T.V. and Southern stations cater for their needs. We will no doubt find that by the time we have a certain program is something the children shouldn't see we are too interested in it to turn it off anyway.

Television is extremely good for watching sport, and will have a big effect on the next cricket test series. So much has been said about bent arm actions of Australian fast bowlers that I am prompted to state that Australians are renowned throughout the world for their bent elbows, and I fail to see why cricketers are particularly singled out.

Living in Queensland has its advantages, and I am often asked why I left a wonderful place like Melbourne for Brisbane. Perhaps the greatest reason is that Melbourne weather is so humorous when one is laid up nearly all winter with influenza.

Perhaps I should have been a Eskimo in summer and an Arab in winter to fit with the climate.

Guest Column Cont.

Fruit is an expensive item in Queensland considering that this is the home of tropical fruit. I have been told about the little girl who was asked by her school teacher if she could spell Banana. She replied ' I know how to spell Banana, but I never know when to stop.

Talking about fruit reminds me of an old spinster acquaintance who once said she never went to bed without rolling an orange under it straight through to the other side. That way she could be sure that there was no-one hiding underneath or at least no one who liked oranges.

The most tactful man I ever knew came from Brisbane. Before joining the company I heard this man who was manager of a manufacturing concern, where I worked, say to an office boy whose manner on his first job was not particularly good - Son, I don't know how we are going to get on without you, but starting from Monday, we're going to try.
