## A NEW WINNER FROM MITSUBISHI???

The latest offering from Mitsubishi is the new range of Lancers and the variety that rallists have their eyes on is the Lancer GSR, a 4wd turbocharged 1.8 litre car that in standard form produces 190 bhp.

Whilst soem competitors are running fairly standard 4wd cars at the moment, none really have the potential of the Lancer 'out of the box'.

Auto Action magazine reports that the factory rally evolution model will have more horsepower in 2.0 litre form than the current VR4 and will weigh in the region of 200kg less!!!

I'm sure that the limited number of roadgoing cars released here in Oz will end up on the dirt and that some folks will have the evolution models before too long.

Everything about the car seems right for it is one of those purpose-built machines that is intended to win rallies. The Mitsubishi WRC team will have Kenneth Eriksson in one car and recent news indicates that Armin Schwartz has left Toyota and will be at the wheel of a Lancer in '93. He's my bet for a very good showing after a little development on the new car.

**CONGRATULATIONS!!**

Congratulations are extended to Dean Tighe and Lyndal Parr who have recently taken the bull by the horns and gotten themselves engaged.

When asked about a date for the big event, both coughed and spluttered, so the major plans have obviously not been finalised. There's still time, there's still time.....

**In the news.**

It's great when any rally competitor gets some publicity in the daily print but it seems that the local Community Newspapers are the only ones really interested in pushing the rally angle.

Mark Griffith and Tom Smith have had a number of stories published in the Northside Chronicle and now John Spencer has scored with the following story in the Southside issue.

## **Ace chases top spot**

**SUMNER** Park driver is leading the Queensland rally series and is hoping for a top three finish at the end of the year.

John Spencer has won the first four rounds in the Gemini class of the six-round series.

His wins have given him the Queensland Gemini title and he is hoping for a win at the next round of the series at Imbil on Saturday.

Spencer said each round involved about 165km of competitive day or night rally driving.

His Gemini had a standard engine and gearbox but had

### **• Rally details**

modified suspension and brakes. The car also had a roll cage, intercom and computer-aid trip meter.

Spencer has competed as a navigator for a decade but this was his first year as a driver and he was happy with his performance.

"It's been a pretty tough competition and I'm surprised that I'm leading," Spencer said. "I was hoping for a top ten finish at the start of the year but my goal now is not to flash anything further down than third."

Sumner Park rally driver John Spencer — having a good year.

## THE 1992 BAILEY POWERLINES RALLY

It doesn't need to be said but this year's Bailey Powerlines Rally was another raging success.

The BSCC is fortunate that our Club rallies over the past couple of years have been very well attended and this last event was no exception.

As usual, Esme had counted only about 30 entries as at the day before close of nominations, but at the official cut-off we had an astounding 67 crews putting their names down.

Director Brian Everitt was pleased and I'm sure the sponsor Rod Bailey of 'Bailey Powerlines' was happy too.

The venue was once again Imbil, just to the south of Gympie and the already excellent roads had been graded by the Forestry Dept in some places.

A total of about 110 competitive k's had been planned but this was shortened on the day to 87k's by the deletion of a stage that was to be run twice. The official reason is that the dust may have been bad early in the event causing concern for some of the newer drivers.

With the seeding done by Assistant Director Tom Smith (anyone who wasn't happy, see me - Tom.) we had the little Toyota Sprinter of Craig Lee at the head of the field followed closely by the Camira of Rod Browning and then a Datsun 1600 entered by Peter Phillips.

The field was impressive to say the least with a number of crews vying for points in the Cibie - GP CARS Clubman Series including points leader John Spencer in his diminutive Gemini.

The Rally HQ at the Island Reach Caravan Park in Imbil was very busy and local caterers were kept on their feet all night.

The start was delayed by 20 minutes to ensure complete darkness for all crews and eventually car 1 left at 6.20 pm.

A severe shortage of volunteers in the leadup to the event (what's new?) saw some helpers thrown into jobs and the organisers are very grateful for their assistance at the last minute.

The night was fairly uneventful and everything ran reasonably to schedule apart from some minor distance problems with the radios.

As is the case with a field of this size, cars were still leaving for the first division when the leaders were coming in for their break but there is no solution to this situation - the thing for the late runners to remember is to concentrate on their own efforts.

The night ended happily for most people with a very high finishing rate, and much partying was going on at the end of the evening.

Thanks everyone.  
TOM SMITH.

SEPTEMBER'S MOTORKHANA

September's motorkhana was the most successful that we have had in many a year with 26 competitors and 5 beginners. We invited five other clubs to run and with the AMC only a week away our event was the perfect opportunity for practice.

Our five beginners: Rod Sams Corolla, Ian Ferguson Saab EMS, Emma Sibley Commodore, and juniors Michael Gray ( yes another one) Datsun 1000, Kirsty Evans Datsun 1600 accredited themselves very well, each receiving a certificate of merit for completing a minimum of 4 tests successfully.

For the rest of the field the results were taken over 4 tests that everyone had to complete to gain points, and because most of our regular runners hate reversing a second carpark was set up with reversing tests for those who wanted some practice before the AMC.

It was not Dave Robinson's (MGCC) day when after already smiting the nose of the Cheetah on a gutter a rear wheel came off the car after breaking the stud.

From all reports everyone had a great day. My thanks to Tony Best who just came out to see if he could help out, and he did by setting up tests and replacing flags; and also to Lee for doing the timing.

## ORC2 - TWO OUT OF THREE

Well, for some of us the competitive season is nearly over with the running of the second round of the '92 series in a very short Queensland Rally Championship.

The 'Bumpa T' Bumpa- QT Rally' was held on the first weekend in September and was as usual organised by the Ipswich West Moreton Car Club and the busy band of helpers. Director for this year's event was the very experienced Patrick Hetherman, also a member of the BSCC.

From the start at the shop in Ipswich the field was bulk-transported to some brilliantly fast coal roads out near the Swanbank Power Station. Unfortunately, the police had been booked to come along and close the main drag to traffic for a few minutes to enable the field to parade out, but to the dismay of the Director they did not appear.

Nonetheless, we all headed out and fought the traffic and the red lights to get out to the stages only to find that some unwilling contractors had decided to remain on the closed roads, preventing the rally from starting as scheduled.

Some serious discussions and the threat of police intervention; apparently called their bluff and they reluctantly moved, allowing the crews to start the stage.

Hot stuff!!!

From there the crews transported up the highway to the first proper forest stages on the way to Yarraman. Leading the field was the brutally fast Celica GT-4 of Craig Lucey and Campbell Little who blitzed the rest of the crews by setting a very quick time at Swanbank.

Second at the time was the Shell Mazda of Mark Griffith and Tom Smith (me) just in front of the Kahler/Drews Galant VR-4. The story was that George and Lofty were supposed to be running the Mazda but the big Mitsubishi is supposedly cheaper to run! That made it hard for the rest of us as the Galant is hard to beat even on a bad day.

Bruce Dummet and Craig Lee were up there with a last minute entry in a Datsun 1600 which had literally been thrown together in the space of a couple of days but which had the pace to scare the others. They told David Bates that it had a stock 1800 SSS motor but the rumours suggest it had Bruce's good donk, and good gearbox, and good diff, and good brakes. Oh, and it had a 35 minute paintjob, too - from sanding to masking to topcoat. Nice one fellas!!!

The first forest stage was Mount Stanley which had bad memories for Mark and myself as this was where we left the road in last year's ARC and bent the LHF end. It was rocky and a little rough but quickest on the road was Warren Carrigan in his TX-3 4wd. The scores for the stages in sorted order appear on the next few pages.

THE CALOUNDRA-CABOOLTURE MAPPING DAY RUN

Travelling via Landsborough and the Hinterland, with a B.V.O. lunch stop.

SUNDAY 29 NOVEMBER 1992

Alan Stean invites you to join him on this event which has a total of approx. 300 km all bitumen except 5 km gravel.

Meet at 8.00 a.m. (for 9.00 a.m. Start) RUSSELL BARKER PARK, CALOUNDRA (on the right hand side after intersection Nicklin Way/Caloundra Road).

(remember to have your Third Party Extension Certificate)

This is basically a mapping day run where you will be given via points and destination and you do the rest off your SHELL SOUTH-EAST QUEENSLAND MAP.

ELIGIBILITY; Classic and early model cars prior to 1974 preferred. However, the run is designed for the family as well as the enthusiast. We would like as many people to participate even if they haven't an early model car - but please leave your old rally cars at home!

Trophies: 1st in Category.

ENTRY FEE: \$20.00 - Entry forms available tel: 391 8881

PLEASE CONTACT ALAN STEAN 808 2755 bus 290 0957 fax 341 6100 h for more details and to give him an idea of numbers.
