## QRC1 TO BRUCE & ROB

*By Clerk of Course, Brian Everett*

Once again, life is returning to normal for myself and family following another Cooloola.

Most of the dust (and there was plenty that) has now settled and final results have been posted. Congratulations to Bruce and Ian on a fine QRC win, and to Paul and Stephen for their Clubman result. A "Well Done" to all class winners is also extended.

A mixture of road quality was included in this years event to encourage crews to think more about their driving styles, tactics and preparation - obviously who put some thought to these area "survived" and "arrived". Commiserations to those who did not.

The concept of the common stage start seems to have been well accepted, specially with the (reported) many spectators who ventured out.

Expect to see the idea present itself at future events.

A very big "thank you" to all competitors has been passed on by the event sponsors, Quantum Petroleum (Shell Monkland and Shell Gympie Driveway) for the support received in fuel and oil sales. Additionally our caterers at Roadcraft and Glastonbury reported excellent sales. (Bottled water seem to be the most popular item for some reason!)

There are many people who make an event such as this successful and I have no hesitation in mentioning them:- Peter Whalley, Peter Millear, Rod Sams, Dorothy Collingwood, Errol Bailey, Craig Porter, Esme Gibson, Alan Staib (and his enthusiastic band of scrutineers), Neil Michell, Barry Neuendorf, Richard Collingwood, and Peter Garbutt.

A big thanks also to the following Stage Commanders and their crews:- David Martin, Dick Owen, Keith McKay, Ian Capps, Greg Sewell and Jamie Overend.

The event would not have happened

## Overflow off-road

*By Rod Sams*

The Overflow at Chinchilla took a picture for the running of the 5th "Overflow 100" over the weekend of 28 February and 1 March 1998. Recent rains had filled the local creeks to capacity and turn the grass green, in fact part of the track had been under water two weeks previously and slight changes had to be made to the course to bypass some of the boggy patches.

Thirty two crews made the trip to Chinchilla to contest the 1st Round of the 1998 Queensland Long Course Off Road Championship. The event was run using the tried format that has been successful over the previous years. Following scrutineering on Saturday all crews were given the opportunity to have a reconnaissance of the course. Three cars suffered mechanical problems during the reconnaissance and were unable to continue. The crews in cars 146, 472 and 914 defectively headed off for an early shower.

The late afternoon peace of the bush surroundings was shattered as the first part of competition got underway. The running of the prolog was to determine the starting order of the next day.

## Brian reflects on Cooloola

Continued from P1

without the support of the following groups:-

Department of Natural Resources (Kenilworth), Qld Police Service, Cooloola Shire Council, Kilkivan Shire Council, Glastonbury Rural Fire Brigade, Pomona State School Gym Club, our Sponsors - QUANTUM PETROLEUM and ROADCRAFT -Driver Education Centre, the local residents and you the competitors.

Congratulations and thank you to all those (& more) for your continuing enthusiasm and sometimes undying effort to keep this sport alive.

On a more serious note I am disappointed to report that a number of complaints have been received regarding the attitude of some competitors towards local traffic on gravel liaison sections.

Some of these complaints suggest that a number of rally cars were observed driving in an unsafe manner (often exceeding the required speed limits) and allegedly forcing cars off the road as they passed.

While we realise it maybe necessary to be mindful of time limits, there is absolutely no excuse for this mindless irresponsible behaviour. If we are to continue to "play" this sport of ours, we first have an obligation to consider the local population and their safety on and off the roads.

How the hell are organisers supposed to respect these procedures when the "odd" competitor is not prepared to do the same?

If this type of "cowboy" attitude continues, you may soon see the end of rallying in Queensland. I for one, will be taking steps to ensure that this does not happen in the future Cooloola Classics -- BE WARNED!!!

To the 68 entries, I thank you for your marvellous support this year and wish you all the best for the remaining events in 1998.

# Russell's Overflow

*Continued from P1*

Russell and Judy Hartnett (110) stamped their claim to the number 1 starting position by setting the fastest time of 3min 26secs a full 5 seconds in front of David and Sandra Macgregor (197) who were followed 1 second later by Laurence and Janelle Svenson (144). As the dust cleared following the Prologue competitors and friends settled down for the night. A country and western band kept everyone entertained late into the evening.

Sunday morning saw all the crews ready for action. As in previous years to minimise problems with the dust the field was broken into two groups with each group running four laps of the course in the morning and the laps in the afternoon. From the drop of the starters flag the pace were fast and furious. The first casualties in Lap 1 were Andy Hickson and Penny Armitage (696) and Tony McNicol (939). The Svenson crew was the one to beat with a Lap 1 time 18 seconds faster than the Hartnetts.

# FALKEN TYRES STAGE OUR No:1 RALLY

This is the year to come to the Sunshine Coast for the 1998 Falken Tyres Rally Queensland.

Caloundra will be carnival city on Friday, May 22, when the centre of town puts on the night-time glitz of a parade of rally stars through the CBD for the very public launch of the 1998 Falken Tyres Rally Queensland.

All the cars will be there for the official start accompanied by bands and heaps of entertainment.

Determination will be required to resist the attractions of the Oasis

Resort at Golden beach for the start of the competition on Saturday morning, not as tough an ask as you might first think when the balmy Queensland winter sunshine beckons.

The rally teams will be right into the action with a tremendous first 3.5 km stage sited in Caloundra.

The cars get away from the Oasis Resort at 9am and the first break from competition is at the famous Ettamogah Pub.

What follows is two days of the hottest rally action, set in some of

the most beautiful scenery in Australia with the finale on the Esplanade Boardwalk at Caloundra.

1998 Falken Tyres Rally Queensland is on from May 22 to 24, 1998. Official start is to be held in Caloundra Central Business District.

Rally headquarters is at Norm Provan's Oasis Resort, Golden Beach, Caloundra.

Entry forms and information are available from BSCC Ltd. ph: 33918881 or fax: 38911401.

# Overflow continued

## Continued from P3

Unfortunately their good form was short lived with the car expiring in Lap 4. The break saw the Hartnetts leading from Tony Fehlhaber and Mike Goodger (197) and the Class 2 cars of Keith Honour and Ted O'Brien (276) and the Kennedy's (244).

Of the 23 crews who faced the starter for section 2 only 14 completed the full distance. At the end of the day Russell and Judy Hartnett (110) took out a well deserved win from last year's winners Keith Honour and Ted O'Brien (276). The Kennedy's (244) finished well to take out third outright. Glen and Brett Hancey (309) - 4th O/R - took honors in Class 3 while young guns Michael Taylor and Michael Oxley (453), following in their fathers' footsteps, won Class 4.

Scott Martin and Trevor Davies (558) in the flying Red Falcon led the way in Class 5. Class 6 was won by Andrew Manning and Randall Kilner (617).

ce again the Overflow has played host to another great event and all involved should commended for their efforts. Round 2 of the Series is to be held at Jimna on 6/7th of June.

# TABLE TALK

Tony Best used the above heading for his article in the February newsletter and as it best relates to the 1998 Nash Glass and Aluminium Table Top Rally Series, it will be retained for future issues.

This is the third year the series has been conducted and all are

invited to compete. The first round will be held at the club at 8pm on Wednesday, April 15.

The first exercise will be set by Peter Stringfellow, the winner of the 1997 series.

For those who would like to take part, but may be a little apprehensive, as they have no previous experience in the event, you are welcome to sit with one of the competitors during the trip across the map. It is a good

way to learn how it is done and will give confidence should you wish to compete.

A table top rally runs for about an hour and at the end, results are posted and all competitors receive a copy of the correct course and the answers to the questions.

For those contemplating competing in Historic Road Rally events, but lack experience in map plotting, this is an ideal way for navigators to get experience in a more relaxed environment than the front seat of a moving car with the driver snapping out "Where do we go now?"

Equipment required: Pens, pencils, eraser, rule, 2 or 3 highlighter pens (different colours) magnifying glass (for those whose eyes may be beginning to pack up on fine

detail), patience and \$2 for the entry fee. (eat your heart out, rally teams)

David Nash has the trophy table already built for presentation to the winner of the series. Our thanks to David for his support for a less frenetic club activity.

Subsequent rounds will be held on June (17<sup>th</sup>), August (19<sup>th</sup>) and the 2nd Wednesday in October (14<sup>th</sup>).

The final round has been brought forward because of the Bailey's rally.

Come along for a fun night out with a low-key competition thrown in.

It is the only time you can drink and drive, without the worry of spilling some, or having to blow in the bag. Just remember, you still have to drive home.

**VIDEO NIGHT AT CLUBROOM WEDNESDAY 8 APRIL**

The next video night will be on Wednesday 8 April at 8pm. Chris Lane has organised a video showing the highlights of last years British Championships, seven events with a lot of quick 2 litre cars and some four wheel drives.

**TABLE TOP RALLY AT CLUBROOMS WEDNESDAY 15 APRIL**  
The first round of the 1998 Nash Glass and Aluminium

Table Top Series will be held on Wednesday 15 April commencing at 8pm. The organiser will be Peter Stringfellow who was the winner of last years Series.

Some of last years competitors felt that the instructions in some events were a bit hard so this year a deliberate attempt has been made to make them easier and encourage more competitors.

A table top rally is a map reading exercise plotting the course for a rally but not having to drive it.

The record entry received for the Quantum Petroleum Cooloola Classic Rally run over the 14/15 March augers well for rallying in this State for 1998. Sixty-eight entries were received for the event. Congratulations go to Bruce Fullerton and Rob Reddix for their outright win and to all other award winners. The event ran very well and thanks must go to the over one 130 people who assisted Brian Everitt in putting on the event.

The first round of the KC Rallysprint Series was run at Beerburum on the 1st of March. Under the keen eyes of Peter Baker and Ben Watkins the event went well with all competitors having a good day. Thanks goes to everyone who helped with putting the event on.

The ARC Committee are currently busy finalising details for the event in May. The amount of work than has gone into planning for this event is huge and really is stretching our resources to the limit. The high expectations from events of this calibre brings a level of professionalism which is hard to manage on a part time and volunteer basis. To achieve what we have is due entirely on the ability and dedication of the

members of the committee. As reported late month the Club has received a notice of resumption from the Department of Main Roads. The Club has engaged legal representation to help with negotiations with the Department to ensure the best outcome for the Club can be achieved. A meeting has been held with Main Roads representatives where we presented a number of options we considered would achieve a satisfactory result for the Club. The Department is considering the issues raised and has given an undertaking to respond to us by the end of the month.

Unfortunately, until we get a definite answer from Main Roads our next course of action cannot be determined, however, indications are that our time at our current location is limited. Whatever the outcome we need to focus on the positive aspects of the change and look to planning the future of the Club.

## OVERFLOW 100

Round 1 of the Qld Long Course Offroad Championship has been run and won at the "Overflow" at Chinchilla on 28th Feb/1st March. See page 1 report in this magazine.

## SHORTCOURSE-WILLOWBANK

BSCC in conjunction with IWMAC will be running the first round of the '98 Shortcourse Series at Willowbank on April 26.

A different course has been set out to the one used in previous years and should provide for some interesting racing. Regulations are currently being distributed

## MOTHAR MOUNTAIN

Members of the Gympie Auto Sport Club had an action packed day at Mothar Mountain on March 15th. While there was not a large number of entries those who competed put on an enthusiastic display. Competition was run over an interesting course including a tricky section entering and exiting a gully.

GASC has scheduled a number of events for the remainder of the year:-

Sunday 21st - JUNE

Sunday 23rd - AUGUST

Sat/Sun 17/18th - OCTOBER

For further details contact Jim or Desley Kelly on 07 5482 5396.

## NORTH QLD GAMES

Dysart Four Wheel Drive Club is running a two day Easter Offroad event (April 11/12) as part of the North Qld Games. Competition is a Short Course event. On offer is prize money and trophies to the value of \$3500. For further information contact Chad Hutchings on 07 4958 2754.

## RULES AND REGULATIONS

### REFUELLING

"Refuelling may be undertaken only at points nominated by the organisers and specified in the Supplementary Regulations - The fuel filler cap of the vehicle, and the cap/cover/plug of the refuelling container, must remain securely in place until all occupants have vacated the vehicle and disconnected themselves from it, and the engine has been switched off. It is not permitted either to switch on the engine, or for any person to
