PRESIDENTS REPORT MARCH 2016

This is my first report for autumn, which is the interchange months from summer to winter with the days getting shorter and cooler, along with the shedding of leaves from deciduous trees. Personally, I don't mind summer but I am not in favour of the high humidity.

Events Completed.

Bunnings BBQ's Friday 5th February, 2016.

Another successful one hits the dust, and thanks to Barry Farrell, Margaret Rollings, Craig Porter, Dominic Corkeron, Jim Reddiex, Larry Littlewood and Paul Woodward. All who contributed in cooking and selling 300 sausages and 142 drinks. Paul and I had to back up for Tony's Night Run at 20:00 hrs and finally closed shop just before midnight. Certainly was a long day and we were over cooking sausages. Thanks to all the helpers and especially Paul.

Tony Kabel's Night Run Friday 5th February, 2016.

Tony's event again proves there is a calling and a future for this type of event. Run on Friday Night 5th February it attracted in the vicinity of 20 competitors which I believe is due to Tony's expertise in setting this type of event. I observed while cooking sausages back at the club everyone had attacked the event with a competitive nature and entered to win. Tony, I believe you can organise two of these events throughout the year.

Club Night Friday 12th February. 2016.

This club night was the information night for the Future Auto Rally Experience Day which contained a Come and Try Event coupled with the Practice/Test and Tune Stage Event held at Jimna Forest and organised by John Keen and his team on Saturday 20th February. I thought John put in a huge effort with the articles he put on Facebook and his organisation and publicity of the event.

For those who attended the information night, they received a very detailed overview of the event. However, no one anticipated the extra event that laid ahead. Friday afternoon, came the usual rally storm that we are starting to get used to, and dumped buckets of water on the course. Then, during the night it came back and deposited some more, which had John lying in bed thinking 'what the hell is this all about' give me a break. So, out of bed early and into re-routes, giving officials new instructions etc. etc. and implementing new plans, and all the time realising that at 09:00 hrs drivers briefing is scheduled with all those faces looking at you waiting for you to produce miracles and still give them a great day. JK, I will say, under the pressure placed on you by the weather you came through with very little battle scars. After all, we are supposed to be a rally community and all friends, so wouldn't we all understand the circumstances and chip in to help, I take my hat off to you. Finally, I want to say, thank you for organising a minutes silence for Michael Oldano.

Forthcoming Events.

German Autos Thornton Off Road Short Course. 5th and 6th March.

Formally named the Mulgowie Off Road Short Course and formally scheduled for the 12th and 13th March has gone through the planning stage and is now on our doorstep. I think we have a couple of positions left to be filled with volunteers, so give Margaret or Margot a call and offer your help. The 6 km course will be held in Kev Pitman's Property at Thornton, and is only a hop, step and jump further on from Mulgowie. Cars will be released every 30 seconds, so there will be constantly a couple of cars in view at all times. I spent last Sunday rock and stick picking with Ross Williams to make the track a little more tyre friendly, and believe me, it is a fast track with a huge jump at the finish line where quite a bit of air will be achieved. Competitors will be doing three laps per heat, so this will be worth watching. BSCC will be staffing the catering with Head Chef Barry Farrell at the helm, and I can assure you great food will be on sale. The entry list has reached 30+ competitors which makes us ecstatic as we try to bolster and encourage the Off Road Community. We have always lacked venues, and if you have, or know off someone with a property that can accommodate either a short course or a long course Off Road Event please let me know. Camping is available at the Mulgowie Cricket / Sports Ground which has toilets and showers. I can guarantee you, a great weekend of great Off Road racing coupled with great food.

Board Meeting – Strategic Planning – Wednesday 9th March, 2016.

Bunnings BBQ Wednesday 16th March, 2016.

The next one scheduled is two days prior Good Friday, leading into the Easter break. I will be contacting the willing band of helpers very shortly. If you wish to join us, please feel free to call either Margaret or myself. We would be delighted to have you.

SR Automotive Manumbar Rally. Saturday, 2nd April.

This event is Round 1 of the 2016 MRF Tyres Queensland Rally Championships & 2WD Championship plus Round 1 of the 2016 MRF Tyres Queensland Clubman and Novice Rally Series which is well into the planning stage. The first course check, on a portion of the course was done on Saturday 27th February and I can say 'the new stage is great' and I know it will be enjoyed by all. We haven't used this stage for many years now since I course checked it way back for IWMAC. The event isn't far away so save your pennies and get your entry in.

AGM Wednesday 6th April, 2016.

Same as previous years it will be held at the club rooms so mark down this date in your calendar.

Club Night Friday 8th April.

Come along and learn how to run a rally. You probably know a fair bit about it anyway, but you may need the finer points which the experienced presenters will share with you

on the night. If you have to learn the basic points then this is a must night to attend, and one not to be missed. The night caters for the non-experienced, the reasonably experienced through to the very experienced. See you there.

Administrative Board Meeting 13th April, 2016.

Bunnings BBQ 17th April, 2016.

CMP Consulting Club Rally 30th April, 2016.

NOTE - This event is postponed to the 26th November, 2016.

Bunnings BBQ Wednesday 11th May, 2016.

Strategic Planning Board Meeting Wednesday 11th May 2016.

Board

The following items are being attended to by the Board.

- NBN has now been completed and is finalised.
- The constitution is being reviewed by Craig Porter and Neil Michel.
- The club's power bill has been reviewed with Ergon which didn't come to any fruition but it has been suggested to replace old lights with LED's. Therefore, I am getting a quote to replace the fluorescent lights and the large storeroom light with LED's.
- A quote is also being sought to install a separate storeroom switch that doesn't activate all storeroom and mezzanine lights
- Thanks to Chris from Globe Roamer, we have reached an agreement for the repairs to our radios. Chris has been very generous to the club with his offer and sponsorship, and we look forward to a successful working relationship. Chris, your support is much appreciated.

New Members

Since the 1st January, 2016 we have had twelve new members join the club and three new family members. This is evidence that the Boards hard work is paying off and reassures it and gives it confidence to continue with its re-building campaign and its strategy planning. To the new members and family members listed below, some of which are brand new, some have been members in years gone by, and some from other clubs, I sincerely welcome you, and I am confident that this club will in every way fulfil your expectations. Please make yourself known to the Board Members who are listed elsewhere in the magazine and who would be ever so pleased to help and assist you. If you would like to be a member of one of our committees please call me as there is definitely room for you.

Ordinary Members:

George Brischetto, Adam Clark- Lynch, Jamie Holland, Alan Bedward, Dylan Bedward, Mitchell Ennis, Peter Graham, Tim Dillon, Scott Coleman, Jay Davidson, Allan Arney, and Glenn Wheatley.

Family Members are:

David Nash & Pamela McIvor, Stephen & Megan Henry, Adrian & Debbie Dillon (Family)

Happiness

Craig Porter, long-time member of BSCC and who has just recently re-joined the Board after some years of having a well-earned rest is getting married. Craig has not yet re-surfaced from his recent buck's night which I couldn't attend due to a very early start on the Saturday morning. From all accounts he had a very wobbly boot and was seen arriving home with his sun glasses firmly affixed to his face, singing 'we're on the road again'. On behalf of your fellow Board Members and all Club Members, congratulations.

CAMS Service Award.

Recently, Belinda Howard was awarded a CAMS Service Award at the Evening of Champions for her dedicated work on CAMS events and received it with numerous accolades. Belinda has for many years been a strong supportive member of BSCC and its events, and is usually the first person to put her hand up to offer help. Her support with the Bunnings BBQ's and her generosity in donating equipment from an electric onion slicer, sandwich holders and black and white chequered table cloths is much appreciated. Belinda, on behalf of the BSCC Board and Members, congratulations on your award.

Sadness

It was with great sadness we recently learned of the passing of Mike Verrall's mum. On Friday 5th February she had her send-off and was laid to rest, and using Mike's words, 'she has now joined Dad'. Mike, to you, Lorraine and families our thoughts are with you at this time for your loss and sadness.

To the families of the Lockyer Valley Regional Mayor, Councillor Steve Jones we send our condolences for his sudden passing. Steve was a firm supporter of the Lockyer 300 National Off Road Championship Event run in the Lockyer Valley at Mulgowie by BSCC in 2012, 2013 and 2014. He always made himself available to attend the Awards Dinners, and was a true gentleman. RIP Steve.

Thought for March.

As Muhammad Ali said: Don't count the days, make the days count.

Until April,

Barry Neuendorff

I think we'll all be a bit busy on Saturday 2nd April to go check out the horsey's but maybe a trip via Kilvivan on the way home could be on the cards!

Manumbar Rally – 2nd April 2016

As Barry mentioned in his Pres Report planning is well and truly underway. Margot and I have spent nearly every weekend since early January trolling the roads around Nanango, Manumbar and beyond!

We had a brilliant course set and the week before the Test N Tune at Jimna we received an email from HQ Plantations advising that they had won a big export contract and effective immediately no events could use areas that are currently under harvesting or any haul road!

Boom! There goes one stage and potentially half of another stage. But all credit to HQ Plantations they have granted us the use of the second stage (using a haul road) and we are back on track – somewhat.

We've done the itinerary and running schedule so many times Margot has stopped numbering which version we're up too! But all is well and we have four really great stages that will be run twice each.

We do need help with Roadblock & SOS positions so please register yourself, your family, your friends, your dog, your whatever – let's make this a really great event. And we can't do it without loads of helpers.

The first proper rally of the year is always exciting and we hope you'll join us by camping at Manumbar and supporting the locals with their excellent tucker and hospitality.

If you'd like to come up Friday we also need helpers to set up the stages and put up the repeater etc – if you're good with heights this is an excellent job for you.

Also remember to hang around after the rally there will be prize draws for officials again!

See you after Easter!

OFFICIALS!

## MEET BRIAN GAVIN – OUR NEW OFFICIALS LIAISON OFFICER.

**Name and occupation:** Brian Gavin, now at an age where time is my own, to do what I want, and when. Previously worked at the University of Wollongong as a Project Manager and BHP in a number of management roles.

**Who am I?** : My name won't be familiar to you in the Queensland Rally Family. I am a born and bred NSW rally enthusiast, moving to Qld in 2013. Over the last three years you would of seen me with or without my brother Jack on the side of the track in a white Nissan Patrol. We are two blokes of unequal height and girth; I'm the shorter of the two.

**What is your motorsport background?** : I competed in my first rally as driver in 1973 at the age of 19 in a NSW Novice Rally. For the next 3 years I needed to persuade my mum to sign the entry form (being under 21). I competed across all levels of rallying in NSW & WA until 2009. I had a break in the 1990's from competing and returned in 2000 as a navigator in "bashes", then Stage Rallying in NSW. In 2005 I bought my own rally car, alternating between driving and navigating.

**How long have you been a motorsport official and what got you started?** : I have done most things in rallying from directing, locked away scoring, course car(s), to stage official. These activities were fitted in whenever, or from being "talked into it". I have never been a rally official until 2013 when my wife and I moved to Queensland. Having time on my hands I began officiating at the QRC, IROQ and Rally Australia. My involvement in officiating has rekindled my love for rallying.

**What events do you like to officiate at?** : Events where competitors "have a go" helping each other with parts; helping fix damaged or broken rally cars, and then enjoy the celebration with successes or "what could have been".

**What do you enjoy most about your participation?** : Being what I call myself a "real official" being out there all the time. I get to see competitors, meet their families and friends in the service park, the campsite and during an event. I find it a great pleasure in watching youthful enthusiasm and control shown by the seasoned competitor. Being part of their anguish with disappointments and the beautiful glow of achievement is what makes rallying what it is. This is what I remember from my own days of competing.

# What is an Officials Liaison Officer?

It's important for our ongoing success that we foster a new breed of officials and provide avenues for people to step up to different roles. There is a wealth of experience in the car club and it's time to share that around.

Brian will work to be a voice between officials and the Board/Management of the club. He'll be at most events to welcome new officials and ensure people are comfortable in the duties they are performing. Brian will also engage in putting together some very vitals manuals on how we do things at events!

Paul Woodward is also leading the charge with his "How to Run a Rally" night in April. And we'd like to involve as many officials & competitors in this night so people have an opportunity to step up to run their own event – whether that be a night run, motorkhana, rallyspint, rally or Off-Road event.

Brian has said that he would like to achieve a number of things in this new role including;

- \* Improving the knowledge of Officials by documenting in the form of user manuals the activities carried out & equipment officials use.
- \* Increase the confidence officials have in performing the allocated duties by;
  - \* Providing desktop training activities with real scenarios and
  - \* Encouragement during events by way of mentoring
- \* Grow the awareness among rally officialdom and competitors of the importance of maintaining and growing the numbers of competent officials.

Join with us in wishing Brian well in his new role and he'll be at Manumbar to start on this very worthwhile path with the many fabulous officials that support our events.

*And if you're one of our lovely officials we'd love to hear your answers to our 5 minutes with our officials and of course a photo is essential.*

*Email : [margot@salestactics.com.au](mailto:margot@salestactics.com.au) and we'll get you in the magazine.*

If you would like to help out or wish to get your CAMS grading by being on the organising group please contact John Truskinger [jptruskinger@gmail.com](mailto:jptruskinger@gmail.com) 0407656044.

The format is one shire road stage to be completed three times in both directions and run at one minute intervals as a short course rally.

The road to be used is absolutely fantastic. It is flowing but technical and will suit two-wheel drive Classics perfectly.

Crews will transport via a short farmac loop with central servicing at the Urbenville Showgrounds, with good facilities, catering and camping. There will be the opportunity to celebrate after the event at the Bowls Club located right at the Showgrounds.

This is a great beginner event or one for the experienced competitor who wants to dust off the cobwebs. Open to all comers so put this one on your calendar as the entry list is limited to thirty cars.
