Spectator Instructions

SPECTATOR INSTRUCTIONS

(Please Read)

1. Public are directed to view the cars whilst standing within the markers indicating the limits of the controlled spectator area - viewing outside those areas indicated is prohibited.
2. Public must not stand in prohibited areas, and must at all times stand behind the bunting or barriers which mark the spectator area.
3. The instructions of the Spectator Marshalls must be obeyed. The Spectator Marshall has the power to have a stage postponed until the Public View Point is controlled to his / hersatisfaction.
4. It is prohibited to ignore the public instructions and find your own way around. Not only is there a danger of meeting up with an oncoming rally vehicle, but many roads have wash-aways, collapsed bridges, etc. which are potentially hazardous for the driver. The main public route has been surveyed and is safe.

DO'S AND DONT'S OF SPECTATING

(Please read)

1. Cars under competition conditions can lose control and leave the defined road at any time. Do not stand in any areas which are not authorised or which are contrary to the advice of the organisers and officials/marshals.
2. Be prepared. Weather wise, bring hats, ground cover, sun screen and protection in case of rain or cold weather. Food and drink outlets may be provided at the Public Viewing Area (refer public instructions), but if not, ensure you have some of your own food and drinks available.
3. Park your car sensibly so that it will not obstruct emergency vehicles, competitors, service crews or other members of the public. In all cases obey parking instructions given by supervising officials. It is usually best to park your car facing the way out.
4. Do not try to emulate rally drivers. Remember that if you give cause for complaint it will reflect badly on the event and the sport as a whole. Drive carefully both to and from Public Viewing Areas, and be ready to give way if necessary, on narrow stretches of road.
5. Please do not take dogs or young children to Public Viewing Areas. If you have to, make sure they are completely under your control and please make sure that animals and children do not get in the way of competing cars or mechanics or officials when they are working.
6. Do not light fires or smoke in the forests. Do not smoke near a car that is being serviced or refueled.
7. At all times keep clear of controls, including from the timing marker to the control area. If control officials ask you to move, please help them by doing so - remember they have a job to do which can be difficult enough as it is. If you do want to see a control point in action, remember to stand well back from the control area.
8. Take your entire litter home with you - it is handy to have a bag or carton in your boot. Cans and paper do not help beautify our forests.
9. At service points do not crowd mechanics when they are working. They would not appreciate it. Neither will you, if someone drops a wheel or a sump guard on your foot!
