

BRISBANE SPORTING CAR CLUB

KCF Rallysport Winter
Stages Rally month...

Presidents Message

Hi Everyone.

Another month has flashed by and this month we start the second half of 2021. I once heard that time travels fast when you're having fun. Given we have had to date this calendar year only two opportunities to play in the dirt some could argue the point but as I write, there are three rallies the BSCC is conducting over the course of the next nine weeks. It wasn't planned like that but as we have learnt, flexibility is key these days and the support of our members and entrants, officials and general helpers continues to show there is a lot of love for the sport and getting out and having fun.

By now, you would all know we had to make some late calendar changes around the KCF Rallysport Winter Stages (Short Course Rally) and the Roo Systems Australia Manumbar Rally (QRC). We already had the 7th August date locked into the calendar as an event date but that was for the Benarkin Short Course event. Due to a combination of the weather not playing nicely back in March, free-of-motorsport calendar dates almost non-existent and a week-end where the Benarkin State School could accommodate us, we settled on the 17th July for that event. This allowed us to use the 7th August date for the Roo Systems Australia Manumbar Rally and ensure the best result for maximum rounds of the Harcourts Solutions Queensland Rally Championship and the Next Level Creations Novice Series to be completed.

The club and the rally community owe Peter Flynn a huge Thank-You for stepping up to extend his Clerk of Course role to include the Roo Systems Australia Manumbar Rally. We are running short of Clerks of Course and while a new program to mentor new people into that role is coming together, the gap at the present moment was filled by Peter. Next time you see him, please thank him as it is an enormous job to back up with a QRC only three weeks after running the multi-club event at Benarkin.

Beyond these events, the Globe Roamer Imbil Forest Rally is due to run on 4th of September and Clerk of Course, Mal Bartolo, reports all being in place to date and a new combination of roads in daylight and night promises to be as new a test as Imbil can manage.

The club is still working away at an Off Road event later in the year but there are challenges. Anyone who can help with that event, please come forward. Barry Neuendorff has done a splendid job in the past setting up events and being Clerk of Course as has Rod Sams and Craig Porter, but there are limits to what these three great stalwarts of the club can achieve. Anything you can do to help this event will be greatly appreciated. If you can, please contact the club by calling Marg or Barry or reach out via Facebook Messenger. Barry has years of Off Roading experience behind him and his last event saw him Clerk of Course at the 2021 Finke Desert Race so he is a great help to the helper.

The radio trailer has arrived and Craig Porter, Simon Knowles and I set to dismantling the rig to be readied for much needed maintenance. It is shaping up to be a real asset as we will have ample space to store the radios in transit, secure mounting and fully weather proofed radio repeater, batteries and voltage regulator from the rooftop mounted solar panels. There is a sturdy 12 metre mast too. Work is underway and the hope is it will be ready for Manumbar. In it will be our newly acquired repeater. We'll name it Howard the Repeater in honour of the generous donation by Tony and Belinda Howard.

We have a new Vice-President, V-P, Veep, Deputy Chair - all round great supporter of the BSCC - Tony Kabel.

Thanks Tony for stepping into the role.

Tony has been around the club for many years and lately has been working behind the scenes in course checking and event set-up. (And planking!!??)

Speaking of new toys, we now have a new photocopier / printer so we can continue to print our road books as our previous had a breakdown and parts are no longer available.

We also conducted a Working Bee on Saturday 26 June which Peter Flynn co-ordinated.

It was great to see some new faces mix with the older members to help out. Some pics will appear later in the magazine.

That's all for the moment. See you in the forest.

Cheers,

Dom.

With many new club members joining the ranks it would be great to hear your story and what motorsport your involved in.

Why not share your story with us through the magazine – it might be the car your building, the event you recently officiated at, your hopes to compete in the future or even your thoughts on events we should run (social and competitive).

BSCC is an inclusive club and it's important to know what are members like, want or need.

Send your story with some photos to info@bscc.asn.au

KCF Rallysport Winter Stages – Event Update

Tuesday 29 June 2021

As we are all no doubt aware, large parts of Queensland are about to enter a Lockdown of at least three days duration. At this time, this will not yet impact the event. The good news is that it is this week, not next week or even worse the week after. Of course, as we know with Covid, this could change on a whim, and so we remain hopeful the outbreak is brought under control and restrictions ease. At this time, we continue to monitor the situation and work with our partners at the Benarkin school and other agencies to ensure we know their requirements.

From an organisational standpoint we are in good shape with all course work done and equipment sorted and ready for final loading. So even a short extension of lockdown will not dramatically impact the event.

Plans are in place for Reconnaissance on the morning of Saturday 10th July. The Benarkin P&C will have their shop open to warm the cockles of your heart with coffee and hot toasties from 0830. Before heading into the forest for Recce from 1000 – 1230hrs. Roadbooks will be issued on the day and many have indicated they will use the opportunity for recce.

As always in these situations, you can all play a part. Please monitor Qld Government Health alerts and should you find yourself affected by a hotspot declaration please take the appropriate action accordingly.

Hope to see you on the day.

Peter Flynn
Clerk of Course

BSCC Working Bee

On Saturday 26th of June, about a dozen willing workers showed up to help clean gear, re-pack barrier mesh and shelves, sort out the equipment for the KCF Rallysport Winter Stages Rally, pack the trailer, test radios, learn how to set up the new TAG Timing System and generally have a good time.

Oh, and also enjoy some great original Krispy Cream donuts, courtesy of Claire Buccini.

Here are a few pics from the day.

Thanks for your help !

2021 Queensland Khanacross Titles

2nd/3rd October, 2021

300 Gympie Rd, Tinana QLD 4650

Hervey Bay Motorsports Association is hosting the
2021 QLD KHANACROSS TITLES

Please find a link to the Expression Of Interest for your club members.

This event will be capped at 100 entries.

EOI does not guarantee a spot. We will work with clubs with top members if we
get a lot of interest.

Roo Systems Australia Manumbar Rally

Saturday, August 7 2021,
Manumbar Campdraft
Ground

WELCOME MESSAGE

As many will know, the Roo Systems Australia Manumbar Rally has been postponed several times now due to flood and fire. The event has been rescheduled to August 7th and hopes are high we will have a great event in the prime rally season in Queensland.

BSCC has had a heavy schedule in the last few months so I am grateful that many of the same people have rolled over their roles from other BSCC events. It is also pleasing that we have new blood stepping in to help as well. Soon we will be putting out the call for volunteers, so please mark the date and help out as you can.

In terms of the event itself, we will be using most all the good work done by Craig Porter and his team to put the previous events together. The event will be a compact, all daylight blind event run over four stages used twice. For a distance over just over 120km. It will be based out of the Manumbar Campdraft Ground and camping is on offer. Catering will be provided by the Campdraft association from Friday night until Sunday morning, and there are hot showers and plenty of level campsites available. The event will use Rallysafe, so make your preparations accordingly.

In terms of schedule. The organising team has just stepped into the role and good progress is being made on completing all the necessary permits and approvals. A course check to confirm the route will be conducted on July 3rd. Expect Supp Regs and entries to open shortly thereafter. We appreciate your patience.

Keep monitoring www.bscc.asn.au and register your interest on the event page on BSCC Facebook for future updates. Any initial questions contact me as below
